MEEKER TALKS ON EVILS OF OPTION

Says That Thousands of Citizens Will Go to Davenport if Drys Win.

LARGE CROWD IS PRESENT

Moline Theatre Accommodates Packed House—Hellberg to Speak for Drys Here Sunday.

In an address delivered before a packed house at the Moline theatre last night, J. G. Meeker of St. Louis, a member of the Missouri legislature, said if Moline and Rock Island vote dry in April, thousands of citizens will daily go to Davenport to patronize the saloons of that city. In addition to this, he said, bootleggers and blind pigs will operate, almost as much liquor will be sold as at present, and the cities will fail to derive any income therefrom.

Mr. Meeker spoke extensively on the evils of local option, citing many cities where the drys have won, and pointing out how those cities have had hard times financially and how the liquor evils have existed the same as before or even worse.

Hellberg to Come Here.

John Hellberg of Chicago, a well known Swedish newspaper man, has been secured by the local optionists to deliver an address here Sunday, March 15. He is to appear under the auspices of the Scandinavian Temperance union.

An effort is also being made by the local option forces to secure Rev. Gus Johnson of Minneapolis to deliver an address in this city.

Mr. Meeker spoke last night under the auspices of the Municipal league of Rock Island county, and the present plan is to secure a number of other good speakers to address the citizens in favor of a wet community.

TWO THIEVES ARE CAUGHT AT WORK

Harry Latham, 1832 Second street, and Frank Teitsch, 419 Second street, were captured last night by the Moline police in the act of making away with 250 pounds of lead cable belonging to the now defunct Union Telephone & Telegraph company.

A citizen in the vicinity of the alley which runs through the block at Second street and Fourth avenue noticed two men on a telephone pole last night about 10:30, and phoned to the police. The men were caught in the act just as they were rolling the cable into a hall preparatory to carrying it away. The estimated weight of the cable cut is 350 pounds.

FIRE DEPARTMENT HAS A BUSY TIME

Members of the Moline fire department were kept busy last night by three fires which broke out in various parts of the city. The total loss, however, will not exceed \$400.

Fire at the home of Mrs. Anna Hokenson, 1230 Sixth avenue, was caused by a defective gasoline stove. The walls and wood work was damaged to the extent of about \$300.

There was a small blaze in a machine shop at 1523 Second avenue, the ceiling being slightly damaged. A chimney burned out at 509 Twenty-third street and the fire ladders were called. The damage was small.

Circumstances Change.

"PRINCE OF SPIES"

He was a Young Alsatian in the Service of Napoleon.

To those who look with contempt upon spies and such as profit by their labors it comes as a surprise to learn that Napoleon, the greatest of all masters of war, owed to his excellent service of spies not a few of his most brilliant victories.

The man whom he picked out to organize this secret service was a regimental officer named Savary, who afterward became Duc de Rovigo. Savary, like his master, excelled in his judgment of men; he gathered from various corners of Europe an immense number of agents who served him with varying degrees of success, but with that curiously uniform fidelity which the service of Napoleon always seems to have bred.

Chief among them was a young Al-

REV. J. R. OLSON WILL NOT ACCEPT

Word from Portland, Ore., States Western Minister Cannot Come.

Rev. A. F. Bergstrom has received a letter from Portland, Ore., in which Rev. J. Richardson Olson of that city declines to accept the call recently tendered him to come to Moline and act as superintendent of the Augustana Lutheran hospital. The call was sent to Mr. Olson more than a month ago, but as he is pastor in one of the largest Swedish churches in the west and his parishioners refuse to accept his resignation, the Portland minister has decided to remain in that city.

There are a number of other good men in view to take this position and they will be thoroughly investigated before any further calls are sent.

Mr. Bergstrom said today that the plan now under consideration is to erect a \$100,000 building on the old Barnard site to contain 125 hospital wards. Up to date about \$30,000 has been secured, including the amount raised by the canvass made by the Greater Moline committee. Raising of funds has begun in other cities and towns of the Rock Island district.
